Re: Morinville Cemetery (All sections)

We provide cement runners for headstones or monuments. There are measurements that must be adhered to for all plaques, stones or monuments, so as to allow easy maintenance and to respect spaces reserved by others.

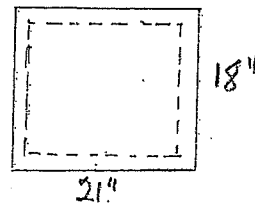

For **regular plots**, the outside maximum measures of the lower stone will be 48 inches x 18 inches. (122 x 46 cm) The upper stone, if any, is a bit smaller, pillow type. (Upright types are subject to be vandalized)

[Regular plot for:
-----]

For **smaller plots, for ashes**, the outside dimensions for the lower stone cannot exceed 21 inches x 18 inches (54 x 46 cm).. The upper stone, if any, will be pillow type, a bit smaller.

[Plot for the ashes of:
-----]

Flowers and other ornaments must be on the runner, for maintenance purposes. Faded flowers and ornaments will be taken away from time to time.

N.B. Kindly present this document to the supplier of your monument, with the request: a) of strictly respecting the given dimensions. A surcharge may be requested if this is not done.

b) of contacting the St. Jean Baptiste Parish office at 939-4412 before the installation of the monument.

Agreed upon: _____
for the Estate Date for the Parish
